Advantages of a McAtee Construction Concrete Tank

- Ease of Installation- A heavy concrete tank's sides will not cave in when backfilled. Use the dirt on site too backfill with, no rock is necessary. Less storage requirements for you, with McAtee Construction we deliver the tank when you are ready. You dig, we set.
- Durability- Our tanks can be pumped empty without fear of collapsing. Concrete is resistant to environmental changes. Less likely to crack or float.
- Consistency- At McAtee Construction our goal is to create and consistently deliver the best precast concrete septic tank in the Midwest. Consistency is the key. When working with us we will have a tank available for you when you need it. We are a company you can trust. The best choice is a McAtee Construction precast concrete septic tank. Order yours today.
